

Prayer for October 2011

Lord, as we journey through the beautiful autumn days may we take the time to reflect on the seasons in our own lives. May we appreciate the times of 'letting go', the times of change, the times of loss and the times of barrenness. Painful as these are they are as necessary as the falling of the leaves to give us the space to prepare for moving on. Help us to use these times to reflect on where we have come to in our lives. Help us to reflect on the experiences of life we have had and to reach into our own depths for the strength to enable us to grow stronger so that we too may bring forth new life whenever You call us to do so. Make us ready and willing to support and nourish new life.
