

## The whole RSHM - RSCM Institute commits to the Laudato Si' Action Plan - Ellen

Sr. Margaret and her leadership team have committed the Institute to participation in the Catholic Church's efforts to undergo an "ecological conversion" in re-examining our relationships with the Creator, with creation and with our brothers and sisters in the seven-year Laudato Si' Action Plan. Thus we join with other religious congregations, parishes and dioceses to make a concentrated effort to save our Earth and its people.

*Here is our pledge of participation: - The Plan signed by Margaret.*

### RELIGIOUS OF THE SACRED HEART OF MARY

#### Laudato Si' Action Platform Commitment Statement

We, Religious of the Sacred Heart of Mary, an international apostolic Institute of women religious, publicly commit to join the worldwide community in responding to Pope Francis' appeal to participate in a seven-year journey toward sustainability and integral ecology by developing a Laudato Si' Action Platform.

This commitment marks our willingness:

- To continue to live our charism and mission so that "All May Have Life."
- To further our own ongoing ecological conversion and that of the people with whom we minister, and collaborate.
- To integrate each of the seven Laudato Si' goals into our lives and ministries.
- To take bold concrete actions, both corporately and individually, in the spirit of Laudato Si', to address the multiple crises afflicting our common home – the planet and its people.
- To promote reconciliation and healing of the pain of creation, by practicing nonviolence, and sowing hope for peace.

This commitment is made in faithfulness to God, in gratitude for this beautiful, amazing creation of which we are care takers, and in our concern for all of Earth's people.
